THE IRISH LEAGUE.

Work Done by the Chicago Convention.

NEW CONSTITUTION ADOPTED.

It Cuts Aloof from the Home Party and Makes the League a Distinctly American Affair Without Responsibility to the Parliamentary Party.

CHICAGO, Oct. 3.—At noon Friday, after all-night vigils and many anxious conferences in the morning, the question whether the Irish National League of America should, as an organization, formally repudiate and condemn Parnell, was still undetermined. A strong element of the platform committee, including J. G. Donnelly, of Wisconsin, and Dr. Thomas O'Reilly, of St. Louis, had made a stubborn struggle in favor of such action and threatened if it were not taken the fight would be carried into the convention. They were combated by others, among whom Daniel Corkery, of Chicago, was conspicuous, holding that the league should continue to maintain an attitude of neutrality as between warring factions in Ireland.

As a result of the clash no session of the convention was held until after 2 p. m. Friday, although adjournment Thursday had only been until 10 a. m. Then business went through with a rush. The new constitution of the league was submitted and adopted. It is in the main a repetition of the old one, except that it cuts aloof from the home party, and makes the league a distinctly American affair, without responsibility to the parliamentary party. A clause to the effect that Irishmen should not purchase English-made goods or patronize tradesmen that sell them, was greeted with loud applause. The constitution also provided that the league should be governed by a cabinet of seven, to be appointed by the president together with the secretary. Ryan, of Missouri, objected to the boycotting resolution, but was howled down.

The committee on resolution then presented the following:

First—The Irish National League of America in convention assembled at Chicago on Oct. 2, 1891, testifies its devotion to the flag of the Union, and the unquenchable love of its members for the laws and institutions of our glorious country, recognizing as we do gladly and proudly, that our primary allegiance is due to that flag, and to those institutions. We affirm that our overmastering desire is to see extended to our motherland the benefits accruing from equal laws, such as have blessed America and made her the hope of suffering mankind and the model for nations struggling for free institutions.

Second—We regret the conditions now existing in Ireland and attribute the irresponsibility and unfortunate tendency toward hero worship and one man domination, which we hope to see obliterated from the public life of Ireland.

Third—We have no desire nor do we deem it wise, necessary or patriotic, to pass judgment upon the questions now so unhappily separating our brethren in the old land. We have heretofore tendered our good offices in the adjustment of those differences, and that tender has been wholly disregarded by the contending elements, but we may and must speak out the opinions and wishes of the people whom we represent, and say that it is the duty of the Irish and all other oppressed people to seek freedom by peaceable methods, and only when such methods have been fully tried and found wanting are nations and peoples justified in resorting to force. But we strongly and emphatically assert that it is equally a duty to prepare for every emergency and stand ready to aid our kindred in every manly way, recognized and commended by usage and civilization, in obtaining freemen's privileges in a land consecrated to freedom by the heroic sacrifices of centuries.

Fourth—We call upon those who are responsible for the locking up of over \$300,000, mainly contributed by the people of this country for the support of the evicted tenants on the plan of campaign, to release the same and distribute it as originally intended by the subscribers, and we pledge ourselves that until this request is complied with we are resolved not to contribute another dollar to aid those who have withheld this money from its legitimate beneficiaries.

Fifth—We hereby resolve to maintain our organization for the purpose of being in readiness for the performance of such duties as the exigencies of the future shall show to be fit and proper, and we humbly invoke the guidance of our mighty God for our brothers and ourselves to the end that with his blessing our reunited efforts may result in securing for the Irish people the land in which he planted them and a government whose personnel shall be so clean and pure, and whose principles shall be so broad, humane and free, as to make it a model among the free nations of the earth.

Sixth—We extend our heartfelt sympathy to our president, Hon. John Fitzgerald, of Lincoln, Neb., and our first vice president, Hon. Patrick Martin, of Baltimore, in their illness, and earnestly hope for their speedy recovery. No cause has ever had braver, truer and more self-sacrificing sons than Fitzgerald and Martin, and the Irishmen will, we trust, ever remember with gratitude their great services to their country.

Seventh—We call the attention of America to the cause of American citizens suffering penal horrors in British dungeons, because of evidence plainly manufactured, and the fact that they dared to express themselves in favor of a free Ireland, and we ask our representatives in congress to press the matter upon the attention of the state department.

We tender our sincere thanks to all the executive officers of the organization, particularly President John Fitzgerald, Treasurer Rev. Charles O'Reilly and Secretary John P. Sutton for their able, untiring and brilliant service to our movement.

As an addition, Judge Donnelly, of

Wisconsin, on behalf of a minority of the committee, submitted a resolution which instructed the incoming executive to recognize the majority of the parliamentary party, or the Justin McCarthy element. McCarthy's name was greeted with slight cheering and prolonged hissing. A prolonged and at times uproarious debate ensued. In the result the addition was defeated by 518 to 3.

Hon. M. V. Gannon, of Nebraska, was elected president; Patrick Boyle, of Toronto, first vice president; M. D. Gallagher, of New York city, second vice president; E. J. O'Connor, of Augusta, Ga., third vice president, and William Lyman, of New York city, treasurer. Secretary Sutton, of Lincoln, was reappointed and the convention adjourned sine die.

FIRE IN HALIFAX.

The Most Destructive Blaze That Has Visited That Place for Years.

HALIFAX, Oct. 3.—The most disastrous fire that has ever visited Halifax for years occurred here yesterday. It broke out about 1 a. m. in Merlin's planing mill on Taylor's wharf, near the Cunard wharves. In a few minutes the place was all ablaze and the fire spread rapidly. A gentle breeze from the north carried showers of live sparks to the buildings and vessels.

Within an hour Merlin's mill, Wilson's blacksmith shop, John Taylor & Company's big fish warehouse filled with pickled fish, Brookfield lumber warehouse yards, all on the Taylor & Brookfield wharves were destroyed. By this time the fire had spread to the Liverpool wharf and burned Butler's sparyard, B. Swenerton, millers' agent; the Halifax broom factory, J. S. Neilly & Company, commission merchants, and Shatford Brothers, oil dealers. Large quantities of petroleum were stored on this wharf and there were great fears of an explosion. This was prevented by rolling oil into the docks.

The fire spread to the south wharf and soon the immense fish warehouses of John Taylor & Company were in flames. Next the flames spread to the big fish warehouse of Daniel Cronin on the south and A. S. De Wolf & Sons, agents of the Anchor line, on the north. A score of schooners at the burning wharves were quickly moved out into the harbor. By 2 o'clock in the morning the whole block from Cronin's to Hamilton's wharf on the north, almost adjoining the Cunard wharves, had been destroyed.

The city was crowded with visitors attending the exhibition, and 10,000 spectators lined the wharves in the vicinity of the conflagration.

The oil was mostly importations of the Standard Oil, and the Eastern Oil company. The military were called out and all man-of-war sailors with their engines and reels. The royal engineers blew up buildings to prevent the spread of the fire.

SEARCHED FOR LETTERS

Which Were Not Forthcoming—The Trouble at Santiago.

NEW YORK, Oct. 3.—The Herald's Valparaiso cable dispatch says:

I have at last found a plausible explanation of the origin of the trouble between Santiago officials and Minister Egan. On what I consider excellent authority, I am told that the authorities some days since came to the belief that the refugees in the American legation were hatching a conspiracy against the junta.

Of course there was not the least foundation for this conviction, but in consequence of it the orders were given that led to such annoyance to the minister. All of the persons arrested were subjected to a searching of their clothing for letters, it being thought that their contents would throw light on the alleged conspiracy. When these letters were not discovered the prisoners were discharged.

Mr. Egan is determined not to surrender anyone who has sought refuge of the American flag unless a safe conduct into neutral territory is guaranteed by the junta, or until the minister receives an order from his state department to give up the person.

Commodore Schley, of the Baltimore, has returned from Santiago, whither he had gone to confer with Minister Egan on the state of affairs. He reports that all is quiet in Santiago.

It is probable that the junta has received a hint from its representative at Washington that it has been acting of late in rather too hasty a manner. I am fully convinced, as I cabled you yesterday, that the members of the provincial government are desirous of cultivating the friendship of the United States and of avoiding any trouble with the United States or any other foreign nation.

I am just in receipt of word by telephone from Santiago to the effect that everything is peaceful there and that visitors to the American legation are no longer molested.

Window Glass Workers Still Out.

MUNCIE, Ind., Oct. 3.—The window glass workers of the country did not go to work as was expected, and the prevailing strike was not settled as was supposed. After the meeting of the committees representing the manufacturers and workers at Pittsburg, at which the schedule of last year was adopted, and all difficulty settled, the manufacturers held another meeting at Columbus, O., and decided not to pay the two snapping boys in each factory as before. The workers now flatly refuse to work until the manufacturers abide by the agreement at the Pittsburg meeting. The point interfering is a small one, but will likely prevent the making of window glass in this country for several days.

CLEVELAND, Oct. 3.—Mr. H. H. Pratt has a fine Bartlett pear tree on his premises, at 178 Miles avenue. Last year he raised three bushels of pears on the tree, and this year he gathered about three pecks of the fruit. Heretofore the pears have contained cores, but this year not a core has been found in the fruit.

BUT ONE SURVIVOR.

Six People Drowned in Lake Superior.

LAKE SCHOONER FOUNDERED.

The Frank Perew Wrecked Off Whitefish Point—The Only Survivor on a Desolate Island Two Days Without Food Before Being Rescued.

SAULT STE. MARIE, Mich., Oct. 3.—The report that the schooner Frank Perew had foundered off Whitefish Point Wednesday was verified yesterday afternoon when a sailboat arrived from the Persian islands bearing Charles Larrabee, a sailor, the only survivor, and the bodies of Captain James A. Markee, of Bay City, Mich.; first mate, name unknown; three sailors, Bob, Jack and Charlie, their surnames being unknown, and the cook, Mary Ann McKay, of West Bay City.

Sailor Larrabee's story of the wreck is as follows: "We left Sault Ste. Marie on Sunday morning bound for Marquette, loaded with coal. During a terrific northwest gale Monday a heavy sea struck the Perew and stove her side in. The captain called all hands to the yawl and we were not five minutes away from the schooner when she went to the bottom. The sea tossed us about in the yawl from 9 o'clock Monday morning until 3 in the afternoon. When we were about forty rods off the Persian islands a heavy wave struck the yawl and she capsized.

"The fight for life among us was terrible. One sailor caught me by the neck and I was forced to hit him to free myself. I finally reached the islands nearly dead, where I remained two days with only the dead bodies of my shipmates for companions and nothing to eat. I was finally rescued by Simon Johnson and his fishing crew, who accidentally came to the island, otherwise I would have starved to death. The fishing crew picked up the bodies one by one along the beach.

Charles Larrabee, the rescued sailor, lives in Buffalo. The schooner Frank Perew, 498 tons net tonnage, was a three master and owned by Pierson, of Cleveland, classed A2, and valued at \$12,000.

SAVANNAH EXPECTS TROUBLE.

Hundreds of White Laborers to Be Brought From New York.

SAVANNAH, Oct. 3.—Savannah expects trouble as a result of the great strike, and has prepared for it by swearing in a large number of special policemen. Last night large details of armed men were placed at the several armories to prevent any attempt that reckless strikers might make to obtain arms and ammunition stored there.

There is a general feeling of apprehension, and it is feared a disturbance may occur at any moment.

Several hundred white laborers are to be brought from New York and other points to take the place of the strikers. The new men will be protected no matter at what cost. Thousands of cartridges have been distributed among the military, and the police authorities have no fear of not suppressing any disorder. The financial loss to the city is enormous.

A MINISTER'S THREAT.

He Says He Will Jump Into Lake Michigan.

RICHMOND, Ind., Oct. 3.—Last Tuesday evening Presiding Elder Thomas Stabler, of the Richmond district, received a letter from Rev. W. J. Gamble, the Methodist minister stationed at Ridgeville, dated at Chicago, and stating that he would commit suicide. Mrs. Gamble received a letter at the same time, stating that he would go out on the lake in a boat and tie a lead weight to his neck and thus end his life.

The police at Chicago were at once notified, but up to this time he has not been heard from. It is supposed that he was suffering from a temporary aberration, as insanity with a suicidal tendency, runs in his family. He is thirty years old, and has a wife and one child. This is his third year in the ministry.

Happy Hebrews.

NEW YORK, Oct. 3.—It was not until nearly daylight Friday morning that the big banqueting hall of Delmonico's was deserted. It had been the scene for several hours of a gathering of representative Hebrews of this city, and who had assembled around the festive board to do honor to Jesse Seligman, who sails for Europe. Every Hebrew charitable institution in the city was represented among the diners, and the congregation of Temple Emanu-El turned out in force. Friday afternoon the new Jewish temple, Beth-El, at Seventy-sixth street and Fifth avenue, was formally dedicated with the imposing services described by the Jewish faith. It will be opened for worship Saturday morning.

Daring Exploit of a Convict.

JEFFERSONVILLE, Ind., Oct. 3.—The most daring exploit at the prison for many years is that of John Williams, of Evansville, colored, who made his escape Wednesday while at work outside. It would have been impossible to get far away in his stripes, so while guards were scouring the country for him he returned, climbed the prison wall by means of a rope, entered the foundry office and changed his convict garb for a suit of broadcloth belonging to Guard Knapp, disappearing as he came. On the outside he was met by some country people who thought him a preacher, and he got away.

Neck Broken.

DAYTON, O., Oct. 3.—A message to this city says that Mrs. Lucinda Young, of Vandalia, O., was thrown out of her buggy at Troy. She alighted on her head, breaking her neck.

BUSINESS BOOMING.

Trade Reports Sent to R. G. Dun & Company.

NEW YORK, Oct. 3.—R. G. Dun & Company's weekly review of trade says: The iron markets are distinctly stronger, there is less pressure to sell and concessions are more rare, even though any advance in prices is as yet resisted. The demand for bar iron is not active, and weakness in stocks tends to check sales of rails. Large sales of copper at twelve and one-half cents are reported, but tin has sold as low as twenty cents, and sales of lead are small and of tin plates moderate.

Tobacco has risen three cents to eight cents in the Connecticut valley, and the producers are realizing large profits. Sales of dry goods are large in the aggregate, but in weight far below last year's, and many looms are idle for the present. On the other hand there is a peculiar interest in the demand for heavy weights, and dress goods sales are satisfactory, great improvement in quality being noticed. Cotton goods are a little less active. Sales of knit goods are retarded by the weather and hosiery is dull. Sales of wool at the different markets are not 3 per cent. below those of last year thus far.

Boston reports a closer money market and satisfactory trade, especially in dry goods, since cooler weather came. Sales of wool are 3,000,000 pounds, with prices firm.

At Philadelphia money is in fair demand, and improvement is seen in all lines of dry goods and clothing, though there is complaint in these as in other branches of trade of slow collections.

At Baltimore the shoe trade exceeds last year's; at Cleveland trade in dry goods and clothing has been retarded by the weather, but other trade has been good, and at Cincinnati some improvement is seen in the shoe trade.

At Chicago some improvement is seen in the receipt of corn, oats and cheese, an eighth in cattle, a third in wool, and wheat receipts are five times and rye receipts eight times last year's, but decrease appears of half in lard, a third in cured meats and a fifth in barley. At St. Louis trade and manufactures are active and money close. At Minneapolis and St. Paul business is good and lumber advancing, and at Kansas City and Denver improvement is seen. At all points reporting at the south trade is improving except at Savannah, where the great strike suspends the movement of cotton.

In spite of several more circulars advising farmers to hold their wheat, the price has declined about one cent. Receipts at the west have been over 5,000,000 bushels in four days, and Atlantic exports 808,000 bushels, against 117,611 for the whole week last year. Corn has advanced two cents and oats one and one-eighth cents, and while cotton is unchanged in price, pork products have changed but a trifle, and coffee and oil are a little lower. There is more perplexity than usual regarding the yield of cotton, but the most conservative estimates conclude that a large decrease in the product is probable, making a market for the heavy stocks which were brought over from last year.

Imports of merchandise, though smaller than a year ago, when the movement was exceptional, are quite large, and exports from New York for the past two weeks are nearly equal to those of last year. Railroad earnings exceed last year's, as do exchanges at the various clearing houses outside New York, though but slightly and there are as yet no symptoms of the artificial monetary pressure which some have apprehended.

The failures during the last seven days number for the United States 201 and for Canada 29, or a total of 230 as compared with totals of 244 last week, and 239 the week previous to the last. For the corresponding week of last year the figures were 197, representing 166 failures in the United States and 31 in the Dominion of Canada.

RECIPROCITY WITH CANADA.

The Conference Set for October 12 Has Been Postponed.

WASHINGTON, Oct. 3.—The report from Ottawa that the reciprocity conference set for Oct. 12 between Secretary Blaine and representatives of the Canadian government has been indefinitely postponed, is confirmed at the executive mansion and at the state department. The reason given for the postponement is that the president deems it best that the Canadian commissioners should directly correspond with Mr. Blaine, and Mr. Harrison therefore asked a postponement until Mr. Blaine's return to Washington, when a time for meeting could be arranged.

The statement is made at the state department that this government is ready to meet Canada now in regard to reciprocity, but Mr. Blaine's great personal interest in the matter dictated that he should conduct the negotiations on the part of the United States. The date for the postponed conference, Oct. 12, was agreed upon last spring when the Canadian representatives came to Washington to discuss the reciprocity scheme, but found that Mr. Blaine was not quite ready to meet them.

Collision on an Electric Railway.

NEWARK, O., Oct. 3.—There was a serious collision yesterday on the electric street railroad here, in which a motor pushing an empty trailer crashed into a motor loaded with passengers. James Henderson, one of the motormen, lost his presence of mind and jumped off without turning off the current or setting the brake. No one was seriously injured.

Building Damaged by Fire.

CHICAGO, Oct. 3.—Fire gutted the three top floors of the five-story building at 52 and 54 Lake street yesterday. The block was occupied by the Globe Light and Heating company, as general offices, and by Pitkin & Brooks, china and glassware importers, as a store-room. The entire loss will not exceed \$20,000.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

SATURDAY, OCTOBER 3, 1891.

WE want the Maysville fire department to send a delegation up here some fine day and we will show them how a "sure enough" fire engine works. They might get some valuable pointers. —Flemingsburg Times-Democrat.

And if you'll send a delegation down here some day, Brother Duley, we'll show them how Maysville's water works can out-squirt any dozen fire engines in the land.

FOLLOWING is an extract from a letter written by a Georgia politician to a prominent Kentucky official. It will serve to show how Mr. Cleveland is regarded in the "Sunny South."

"Replying to your questions as to Cleveland's popularity in Georgia, I can say that he is invincibly with the majority of Democrats, not only in Georgia, but in all of the coast States. I don't say this willfully, for I was never a Cleveland man. Still, I am decidedly in preference of the two men. There are, I know, some serious objections to Hill, but for the party's good I like him best. The Hill-Cleveland rivalry, in my opinion, does away with the prospect to nominate either."

Public officials will have to pay their fare hereafter while traveling just like "common folks." This section in the new Constitution is doubtless deemed altogether unnecessary by a great many people.

Section 205. No railroad, steamboat or other common carrier, under heavy penalty to be fixed by the General Assembly, shall give a free pass or passes, or shall, at reduced rates not common to the public, sell tickets for transportation to any State, district, city, town or county officer, or member of the General Assembly, or Judge, or any State, district, city, town or county officer, or member of the General Assembly, who shall accept or use a free pass or passes, or shall receive or use tickets or transportation at reduced rates not common to the public shall forfeit his office.

It will call down upon the heads of the Con. Con. many left-handed blessings.

An Immense Crowd.

An immense crowd of people filled Staub's Theatre to witness the entertainment of the Mrs. Tom Thumb Company, and nearly half as many more people were unable to gain admission to the theatre. The comedy and the other performances surpassed all expectations and the people came away delighted with what they saw. Mrs. Tom Thumb and the other little people accompanying her, Count and Countess Magr, are famous the world over, and were, of course, the leading attractions. But in addition there were Oganwa and Massa, the Japs, and Kinzo, the champion Japanese juggler of the world.—Knoxville Tribune.

At the opera house next Thursday night.

Here and There.

Major Jno. N. Cady, of Detroit, is here visiting relatives.

Miss Lucy Wilson is ill, suffering from an attack of rheumatism.

Mr. A. H. Parker, of Vanceburg, is spending a few days in town.

Mrs. Fristoe, of Sheridan, Ind., is visiting her father, Mr. W. E. Grimes.

Mrs. Walter Cady and Mrs. C. G. Cady have been spending the week at Cincinnati.

Mr. and Mrs. D. M. Howe, of Elizaville, are guests of Mr. W. E. Grimes and family.

W. K. Toup has returned to Connersville, Ind., after a pleasant visit to his old home.

Mr. and Mrs. J. Lewis Patton, of Middleborough, are visiting her mother, Mrs. Julia G. Morgan.

Mrs. C. O. Hoffman and daughter, of Louisville, are visiting the family of Wm. Davis, of West Second street.

River News.

The new Telegraph will be ready for business in about two weeks.

The Kanawha river is at a lower stage than it has been in several years, and the same is true of the Ohio.

The Fleetwood, City of Madison, Big Sandy, Bostona, Bonanza and St. Lawrence make quite a fleet of elegant side-wheelers laid up at Crawfish, above Cincinnati.

The narrowest point along the Ohio is probably at the mouth of the Little Miami. The sand washed out of that stream has formed a large bar, extending out nearly to the Kentucky shore.

The White Collar Line has chartered the M. P. Wells and placed her in the Maysville and Cincinnati trade. The same line has the John Fower, Sherley, Bedford and Capital City in the Pomeroy trade.

The Cincinnati Commercial-Gazette says: "Some of the old river men on 'Change are predicting that the river will continue low until cold weather sets in, and a repetition of old times, when the river froze solid to the bottom, will be seen."

Kind Words.

Elder H. E. Light, of Mountainville, Lancaster County, Pa., has a good word to say for a patent medicine. We will give it in his own words: "Chamberlain's Colic, Cholera and Diarrhoea Remedy was used in my family and can say that it done us good in diarrhoea and cholera morbus. I do not hesitate to recommend it to all suffering from the above diseases." Twenty-five and fifty cent bottles for sale by Power & Reynolds.

J. B. H.'S NOTES AND PERSONALS.

Wood Walker of Mt. Sterling is here on a visit.

Dr. Harry B. Savage of Glasgow, Mo., is again with us.

Maysville was largely represented by her leading citizens.

Ed. Berry of Mayslick was one of the best riders and drivers in the ring.

Dr. P. D. Linville and family, of Olivet, are the guest of Drs. E. C. and H. W. Dimmitt.

John E. Walton, Florence, Ky., a large land owner and the wealthiest man in Boone County, is here attending the fair.

D. P. Morton, of the "Gem Roller Mills," Moscow, and G. T. Hunter of the "Old Gold Mills," Maysville, are here combining business with pleasure.

The three brothers Styles, of Shannon, have come to the fair annually since they helped to build the amphitheater in 1855. The old boys will never give it up.

Judge Johnson, of Washington, D. C., accompanied by his accomplished cousin, Miss Hattie Forman, Maysville, honored us with his presence again yesterday.

Much of the success of the fair is due to the popularity and untiring work of our genial Secretary, Col. Joe A. Walton. He is in his tenth year of service and is still as fresh as a daisy.

Bracken Chief, the incomparable son of the world-famed Harrison Chief, and nine of his colts were shown by Mr. Ben Metcalf, of Brooksville. By Mr. Duke Watson and many others of superior judgment, the display was pronounced a good one.

Dr. H. W. Dimmitt, wife and son, Hal Woodward, are here attending the fair from the vine-clad hills of Lewis. The little Doctor is as genial as ever and has cast into your correspondent's hopper divers of relishable tips, picked up in his rapid circuitings.

Distinctions are invidious, particularizing create strife and when everybody is active and courteous complimentary have to be few and far between, but justice compels us to say that Sam Frazee, Marshal, J. F. Walton, Ground Superintendent, T. F. Tyler, Stock Superintendent, neglect no interest, and are always on the qui vive.

It would certainly be a waste of effort to introduce to your numerous readers by name or person the ubiquitous Col. Craddock. His presence on the fair grounds happily reminds us that the denizens in space move not in straight lines, but all have a returning point. And as long as the planets revolve we expect the Colonel's brilliant display annually at this point.

Ike Woodward, one of the most popular of the Directors, is the ribbon adjuster. He is a regular neeromancer. While he clouds the many, the few leave the ring

bathed in sunshine. Rumor hath it that this is the last fair Ike will be here as a gallant bachelor.

"What's her name and Where's her home, I dinna care to tell."

Life has but one draught of unmixed joy and the year but one October. October, beautiful October, gladly we hail thy presence! October, in her many colored garments of gorgeous hue, veiled with a softened splendor and dreamy brightness belonging to none other but herself! (The Colonel must have just left the presence of a charming widow as he indited the above—ED. BULLETIN).

OUR NEIGHBORS.

GERMANTOWN.

Our town is well filled with strangers and visitors.

Mrs. P. B. Johnson is the guest of her son, W. C. Johnson.

Mr. Schoolcraft, wife and children, of Indiana, are with Prof. T. J. Curry.

CALL FOR YOUR PICTURES.

Beats All, the Number of People Who Will Bite at Any Bait.

H. A. Hanson, F. C. Smith and Harry Bleagg are a slick trio who were before Mayor Pearce yesterday on charge of peddling without a license. They were let off with a fine of \$5 and costs each.

The trio represented themselves as solicitors for the "Del Ora Soap Company," of Milroy, Penn., and were introducing the company's "fine toilet and laundry soaps."

They struck Maysville a few days ago, and it's surprising the number of people they found—and first-class people, too—who expected to get something for nothing. Their plan of operations was to go to a person, state they were introducing the soap referred to, and that they could place it with only seventy-five families in a city the size of Maysville. They gave ten cakes of soap for 50 cents, and the company would make a 14x17 crayon portrait free for every buyer and supply a frame free also. If the soap didn't prove satisfactory the buyer would be given fifteen cakes of any other soap he might select when the company delivered the picture. Here's the copy of the certificate each buyer was given:

DEL ORA SOAP CO.
This is to certify that this company will make for.....one 14x17 crayon portrait free and supply frame like sample free on condition that the above party will hang said portrait in said frame for six months at their own home as an advertisement.

Our agent will sell 50 cents worth of soap and no further charges of any nature will be made in connection with this picture or frame.

It is surprising that any one should be caught by such a gauzy offer, and yet some of the best citizens of Maysville took the bait, among them two preachers. Hanson, Smith and Bleagg represented that they couldn't take more than one order from a family, but they struck one fellow who wanted four "crayon portraits" of himself and family and, of course, the solicitors accommodated him.

As soon as Captain Hefflin heard of the scheme the men were working he and the Deputy Marshals went out and arrested the parties. A charge of peddling without license was preferred, and they were fined as above stated.

The citizens who ordered soap from the men can get their photographs by calling at the Mayor's office.

Captain Hefflin searched the men's trunks and found about five hundred photographs of parties who expected to get a fine crayon portrait of themselves, a frame for the portrait and ten bars of soap all for the small sum of fifty cents. Just think of it! Of course, the photographs were not all photographs of Maysville people.

One Day's Racing.

The Maysville Fair Company will hold a one-day meeting Saturday, Oct. 10th. There will be one or more races and several horses will be started for a record.

Some of our local horses are working well now. J. C. Owens' brown stallion, Barney Clay, went a mile yesterday in 2:29, and Dr. Dudley's Courier, bay stallion, sired by John Burdine, paced a mile in 2:28.

A Tobacco Premium.

Premium of \$10 for best sample six hands bright leaf tobacco. Award to be made December 15th, 1891.

DULEY & BALDWIN.

THE Ministers' Union will meet in the study of Rev. D. D. Chapin in the Episcopal Church Monday afternoon at three o'clock.

CAPTAIN JAMES K. LLOYD is traveling salesman for the Ames' Sword Company, of Chicago, manufacturers of military and society goods.

THERE will be preaching at the Baptist Church to-morrow at 11 a. m. and 7:30 p. m., by the pastor, Rev. W. J. E. Cox. The Lord's Supper will be observed after the morning service.

SERVICES at the First Presbyterian Church to-morrow, morning and evening, at the usual hour, conducted by the pastor. Young people's prayer meeting at 7 o'clock promptly.

THE Diamond lens spectacles and eyeglasses have been pronounced by scientists to be "made from the purest quartz known." The lens can be fitted to any gold or silver frame. For sale by Ballenger, the jeweler.

THE story of "A Pair of Jacks," though by no means elaborate, is said to be exceedingly funny. This laughable farce-comedy, which has made such a decided hit everywhere, will be produced at the opera house next Wednesday night.

THE Gazette, of Georgetown, O., says: "The total amount paid out for county poor under the management of the Infernal Directors for the year was \$9,534.47; for the Children's Home, \$4,547.99, and for the relief of indigent soldiers and their families, \$2,428, making a grand total the tax-payers pay in this direction alone of \$16,510.46."

DECORATE! DECORATE!

Prepare for the Grand Lodge of Odd-fellows—Four Big Arches to Be Erected.

The Committee on Decoration to arrange for the coming session of the Grand Lodge of Oddfellows met last night and decided to erect four arches—one on Third street near the K. C. depot, one from postoffice to Dennis Fitzgerald's corner, one from John T. Martin's to J. J. Wood's, and one from Chenoweth's to Miner's shoe store. The work on these arches will be commenced at once.

For the convenience of citizens who desire to hang lanterns, banners, &c., a wire will be stretched along both sides of the principal streets.

The committee have entered into their work with the right spirit, and intend to eclipse the efforts of the committee that had charge of the decoration twelve years ago, when the Grand Lodge honored the city with its presence.

All citizens are earnestly requested to help the committee in making the approaching session an occasion to be remembered.

It is confidently expected that on the day of the parade, Thursday, October 15, the people of Maysville will witness the largest crowd ever seen within its bounds. All the lodges, encampments and cantons in the State have been invited, and the neighboring lodges in Ohio, and the parade will be a big one. The procession will take in the principal streets, going as far west as Mr. E. P. Browning's residence and as far east as Union street.

Turf Topics.

The two-year-old Monbars lowered his record from 2:19½ to 2:18½ Thursday, at Richmond, Ind.

"Uncle" Jack Hook's two-year-old Anorean defeated five competitors Thursday in her race at Richmond, Ind.

It looks like Dr. Sparks has at last met his match. Belle Archer beat him at Cambridge City last week and again Thursday at Richmond. These are his first defeats.

Its Excellent Qualities

Commend to public approval the California liquid fruit remedy, Syrup of Figs. It is pleasing to the eye, and to the taste and by gently acting on the kidneys, liver and bowels, it cleanses the system effectually, thereby promoting the health and comfort of all who use it.

THE westbound C. & O. express yesterday morning was six or seven hours late. The delay was caused by a "hot-box."

MINER'S MAXIMS!

THERE'S QUITE A DISTINCTION between Getting What You Want and Wanting What You Get.

There's some satisfaction in selling Shoes that give satisfaction. You may not go into ecstasies when you get what you want—that's a matter of temperament; but there's apt to be music in the air when you don't want what you get.

To say that there's fifty ways of selling Shoes doesn't begin to state the case; there are more ways than can be counted. All the same there is only one right way, and that is to make the value given proportionate to the value received.

Here's a simple statement of a simple case: Miner keeps Shoes of every grade known to the trade, from the highly polished dainty maximum to the ordinary but equally serviceable minimum. He doesn't keep his performances a mile behind his promises.

No matter what you pay for what you choose, you get not a cent less than a dollar's worth for a dollar. It is human to err, but you're not within shooting distance of a blunder when you buy Shoes from

FOREIGN DISPATCHES.

Preparations for General Boulanger's Funeral—Other Cable News.
BRUSSELS, Oct. 3.—A number of photographs of General Boulanger's remains have been taken as they rest in the burial casket. The coffin is composed of three cases. The innermost one is of lead lined with white satin. On the lid is a large mahogany cross and copper plate on which is simply inscribed "General Boulanger."
The political testament of the dead general is firmly written in his own handwriting and is carefully phrased and punctuated.

Excitement in Rome.

ROME, Oct. 3.—There is great excitement in Rome owing to the fact that a number of pilgrims visiting the Pantheon showed disrespect to the tomb of Victor Emmanuel yesterday. By-standers interfered to punish the insulters, and a fracas began. The police arrested three of the offending pilgrims. Upon the facts becoming known bands of young men paraded the streets, hooting and hissing the pilgrims. They visited the hotels and demanded that the Italian flag be displayed. This was done, and at each raising of the flag the multitude gave an enthusiastic ovation. Bands paraded, playing national airs, and after several hours the procession dispersed. The trouble was caused by French pilgrims.

Russia Had Something to Do with It.

VIENNA, Oct. 3.—The impression is gaining ground that Russian enmity to Austria and Germany had something to do with the attempt to assassinate the kaiser, Francis Joseph. While it is not believed that the czar, or any European prince, would wink at the attempted assassination of another ruler, yet the Russian secret service has taken a leading part in such conspiracies as witness the Panitz plot, when detected in time, was aimed at the life of Prince Ferdinand of Bulgaria.

Battle in a Hurricane.

SAN FRANCISCO, Oct. 3.—Advises by steamship Monowai say that the island of Tanna has been visited by a hurricane and devastated by a civil war. Fierce fighting is now going on and two villages have been wiped out of existence. In the midst of the fighting came the fearful hurricane. The German ship J. W. Gildemersten was wrecked in Dianrua bay. The cutter Hilda was driven ashore and a canoe containing nineteen natives lost.

Gladstone at New Castle.

NEW CASTLE, Oct. 3.—Over 4,000 persons packed the Tyneside theater last night to hear the Right Hon. William E. Gladstone speak on the issues between the two great parties. The stage was occupied by members of parliament and officials of the federation and the various liberal societies, and the auditorium by the delegates and other influential members of the party.

Pilgrim Train Wrecked.

BERLIN, Oct. 3.—A train from Treves filled with pilgrims, who had journeyed thither to view the holy coat, and who were returning home, collided with the broken-down engine Coblenz express yesterday between Laurenburg and Baldwin. A stoker on the engine of the pilgrim train was killed. The pilgrims were shaken up and a few were injured.

IMPORTS AND EXPORTS.

The Value of Articles Imported Free Exceeds Those on Which Duty Is Paid.

WASHINGTON, Oct. 3.—For the first time in the history of the country the import and export figures show that the value of the articles imported free of duty exceeds the value of those upon which duty is paid. The exact figures are 56 per cent. for the one and 44 per cent. for the other.

In the last eleven months the value of free imports has exceeded the value of the dutiable imports by \$112,000,000. The free admission of sugar has largely led to this revolution in the tariff, but chemicals, drugs, and dyestuffs, flax, hemp and jute, and fruits not produced in this country are also important factors. A pamphlet going into the details of this large increase of the imports of free raw materials is soon to be issued by the bureau of statistics.

A MINISTER'S FAITH.

He Leaves the Lutheran Church and Joins the Presbyterians.

TIFFIN, O., Oct. 3.—At last evening's session of the Wittenberg synod of the Lutheran church, the case of Rev. Adam Shafer, of Leipsic, was considered.

Rev. Shafer had been tried and condemned by the Western conference on the charges of lying and fermenting dissensions in his congregation, defying the authority of the synod and applying for admission into the Presbyterian church. He was received by the presbytery of Lima while his case was still pending in this synod. After an exhaustive consideration the action of the conference was confirmed, and Mr. Shafer was expelled from the ministry of the Lutheran church.

The Evangelical Conference.

INDIANAPOLIS, Oct. 3.—The German Evangelical conference opened yesterday with a long statement by Bishop Esher of the church troubles and a demand for an investigation of the three charges that have been made against him. The charges are falsehood, slander and intensifying the church troubles. Bishop Derb's case was called up and the proceedings in his trial were read and referred to a committee, as were also the charges against Bishop Esher.

In Hard Luck.

TIFFIN, O., Oct. 3.—Mrs. Reuben Mosier, of this city, has been playing in exceedingly hard luck. Yesterday, while in attendance upon the fair, her pocket was picked of \$8 in cash and a note for \$50. Returning to her home she found that during her absence thieves had entered her house and ransacked it from top to bottom, securing from a dresser drawer a pocketbook containing \$150.

HILLBORO, O., Oct. 3.—A little son of John T. Hix, the attorney, fell from a window in his father's office yesterday, and fractured his skull.

TRUST.

He gave me life when none but He would miss, Would know of an existence unfulfilled, He gave me place on earth and promised bliss, When life was run and all its throbbings stilled, He trusted me!

He gave me royal gifts—a heart and mind; He led my reason to its throne, And, though I knew His law was sweet and kind, I turned me from His will and wrought my own— He trusted still!

He gave me blessings rare—His precious grace; He watched me through the night, And took my heedless love—nor turned His face, He added grace that I might see aright— And trusted still!

He scattered love and brightness on my way; He stood and ever waited for my call; He sweetly whispered when I knelt to pray; He begged for little, while he gave me all— And trusted still!

And now, I soon shall face my setting sun; His love is round me, o'er me, on, before; And shall I falter ere the day is done, And wond'ring His goodness by my doubting sore? He trusts me still!

Dear Lord! Sweet Savior! take my feeble hand And lead me on; my faith shall never cease; My trust is Thine, my life at Thy command; I lean on Thee, my sweet, my only Peace— Till Trust is Rest! —[Selected.]
